CR.32 "Chirri"

FULLY UPGRADED MOULDS

COLOURED INSTRUCTION SHEET
SUPER DECALS SHEET - 7 versions

Designed in the early part of the '30s, the Fiat CR 32 was powered by an V 12-cylinders, producing 600 hp. It was able to reach, as maximum speed, 375 Km / h. Among the most famous biplanes of aviation History the CR 32 was characterized by an extraordinary maneuverability. It was also strong, very reliable and well armed for the historical period, with two 12.7 mm Breda-Safat machine gun located on the top of engine(...) ► [go to complete product sheet](#)

The 20-foot freight container is a key element for the international logistics. The 20-foot freight container, and the larger version and roomy 40-foot container, are in fact the international standard reference for all Countries. The standardize container - in terms of size, volumes and loading capacity - makes possible to optimize the intermodal freight by ships, trains and trucks (...)
